

FOREWORD

To whom is holding this booklet, we at Dorsia greet you.

Within you will find a selection of our spirits, many of them are rare vintages obtained from different places around the world.

For our gin and tonic's, we offer a vast selection of different brands. The secret behind our incomparable gin and tonic's is simple; we understand how to let the delicate flavours of each spirit speak for themselves.

Our goal is to give you something more than a meal and a drink, our goal is to give you an unforgettable experience. We hope that our cocktails and carefully selected spirits will excite and surprise your taste buds, evoke old memories and help write new ones. So give in to your curiosity, and see where our imagination will take you.

Our gin & tonic's are served by 4 or 6 cl with a thoughtful match of tonic water, you can of course choose your own perfect match. Our spirits of 80 sek per cl and above is served by 3 cl or more.

Please ask your server if you have any questions
